

Introduction:

The Alarm app allows the user to set a time at which an audible alarm will be sounded. The Alarm will continue until shut off by the user.

The alarm time and the current time are both displayed on the screen at all times.

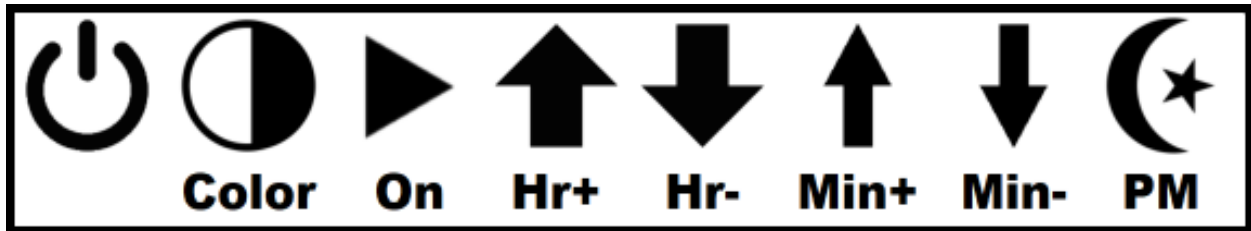

The Alarm application must be on for the alarm to work correctly. If the Alarm application is closed, the timer is disabled.

The Alarm information is displayed at the largest possible font size. The Alarm font size cannot be set by the user.

Toolbar Commands:

Alarm has a single row of command icons:
