

## EZReader Audio Player Application

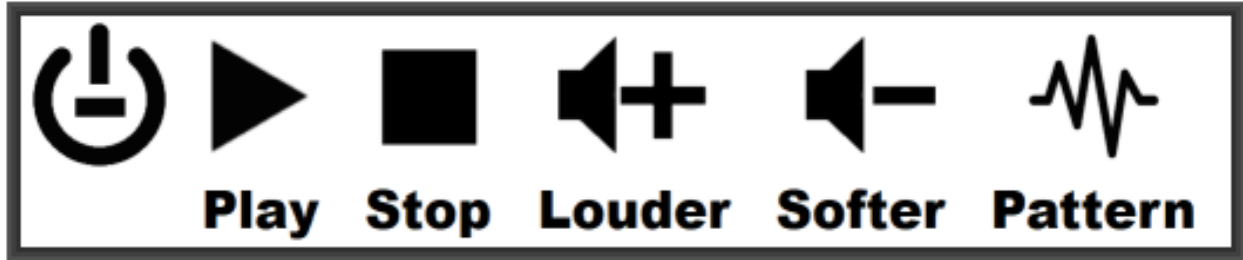

The Audio Player application is used by other EZReader applications to display audio. For example, it is used to play audio attachments to an email.

As the audio is played, a progress bar is display just under the toolbar to let the user know how much of the audio has been played.

### Toolbar Commands:

Audio Player has a single row of command icons:

**Play:** Play the sound

**Stop:** Stop playing the sound

**Louder:** Increase volume

**Softer:** Decrease volume

**Patter:** Change the background animation pattern

### **Keyboard Shortcuts:**

Right-click on the Exit button to see a list of available shortcuts for this application.
