

EZReader Calculator Applicator

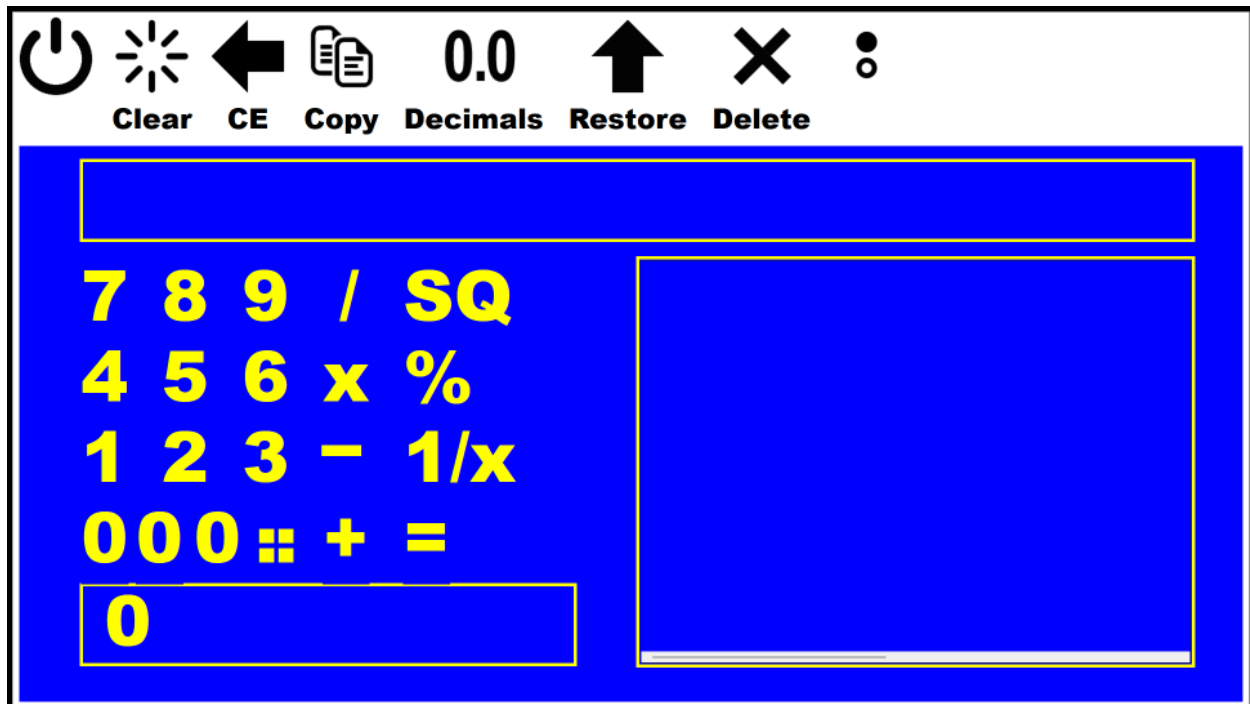

introduction:

The simple-to-see Calculator app performs basic math calculations. Both the equation and answer are displayed. It also has a “tape” to show previous calculations.

It provides square root, percent and inverse functions.

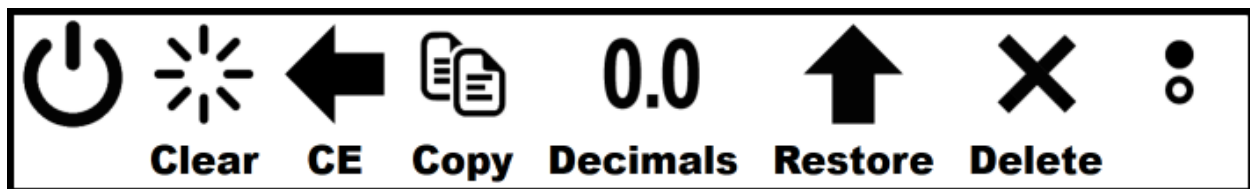

The number of decimals displayed in the answer can be set from 0-4.

Text and numbers are displayed at the largest possible font size and cannot be set by the user.

Toolbar Commands:

Calculator has a two rows of command icons:

Clear: Clear the equation

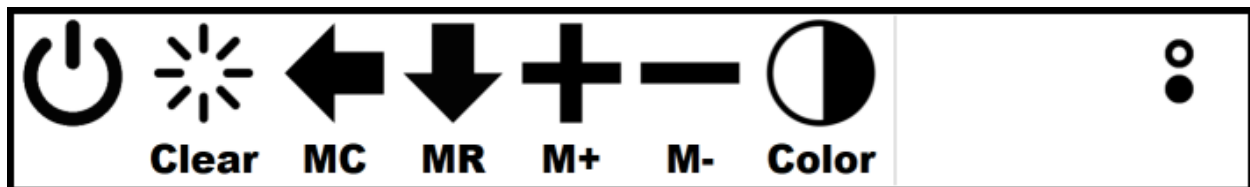

CE Clear the last element of the equation

Copy: Copies the current answer to the clipboard

Decimals: Sets the number of decimals used in the answer

Restore: Restore the selected equation

Delete: Delete the selected equation

Clear: Clear the equation

MC Clears the memory

MR: Inserts memory value into the equation

M+: Add most recent element to memory

M-: Subtract most recent element from memory

Color: Sets the text/background colors
