

EZReader Maze Application

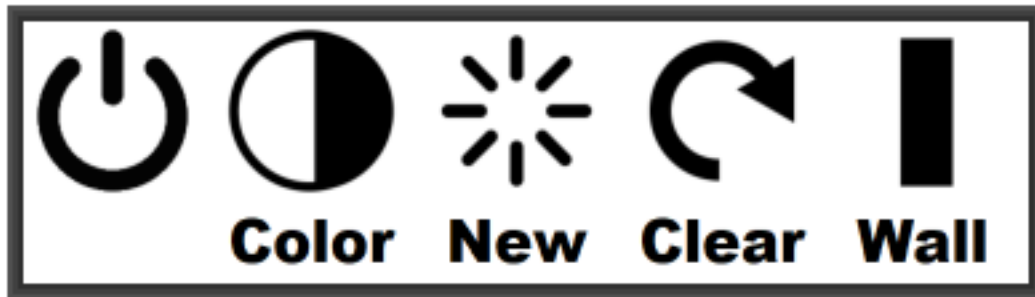

With Maze, the user must find a path from the entrance of the Maze to the exit of the Maze.

To help you follow the line, whenever you touch the line that section of the line will be marked. You can set location markers as close or as far apart as you need to help trace the line to the home square.

There no time limit. Play until you solve the maze or start a new maze at any time.

Toolbar Commands: 15 has a single row of command icons:

Color: Cycle through 4 available color pairs

New: Start a new game

Clear: Clear the Maze

Wall: Increase the maze wall thickness
