

## EZReader Rummy Application

The Rummy game is similar to the traditional Gin Rummy card game, except that it is written for low vision users.

### Toolbar Commands:

Rummy has a single row of command icons:

**New:** Start a new game

**Knock:** Being a Knock comparison of deadwood

**Arrange:** Arrange cards in run or book order

**Color:** Text/background color

**Design:** Change the card back design

**ON:** Toggle whether player moves are spoken
